

Be a Responsible Household

Guidelines to Effective Waste Management

Regular Household Waste

- ✓ Mostly all biodegradable, try to segregate wet from dry
- ✓ Explore reuse possibilities for composting
- ✓ Disposal in a proper manner, as per your society's arrangements
- ✓ Disposal only in designated areas

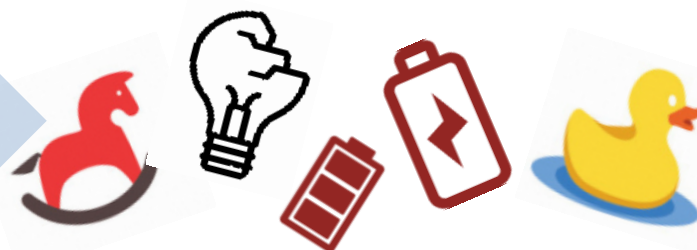

Model Shopping Behavior

- ✓ NO TO PLASTIC
- ✓ Carry your own reusable bags instead of asking shopkeepers
- ✓ Carry a waste disposal bag to collect your waste while on move

Non Biodegradable & Hazardous Waste

- ✓ Proper, separate, labeled disposal so that it doesn't injure the person handling it

While At School, College & Office

- ✓ Segregate your waste
- ✓ Disposal only in designated areas
- ✓ Spread the message to your friends, anyone whom you see littering
- ✓ Follow company policies towards waste management

Appreciate your local waste management workers.
Gift them a Smile 😊
